August Son Productions, Atlanta, has produced a solo piano CD by former Livingston resident **Ken Elkinson**, who recently launched the company.

The CD, *Midnight Conversation*, features Elkinson's original compositions. A three-year process, the CD began with the composition of 10 original pieces that the Atlanta

Ken Elkinson

resident classifies as new age/classical piano.

The CD's jacket pays homage to Elkinson's friends, who helped name the songs, and to his brother, Dan, a senior at Atlanta's Emory University. Elkinson was graduated in 1994 from Muhlenberg College in Allentown, PA, where he received a degree in international business and studied music improvisation and composition.
