AUGUST 31 2013 - RECOMMENDED MUSIC - KEN ELKINSON NEW CD RELEASES

'Halloween Ambient' is Ken's take on fright night. It came about as one sunny Los Angeles January morning when Ken's five year old said out of the blue, "daddy you should have Halloween music." Twelve frightening tracks later, Halloween Ambient is ready to scare the \$#!% out of you. The only thing we can say is that we warned you.

'Around The Globe' is Ken's first solo piano release since 2009's Link. About 10 years ago, Ken was given the sage advice – if you are going to be a musician, it is required to release a Christmas album and a children's album.
